Kami merancang dan merakit panel-panel listrik seperti :

- *Star Delta Motor Starter*
- *Electric Hydrant System*
- *Electric Pump System*
- *Direct On Line (DOL) Motor Starter*
- *Change Over Switch (COS) system*
- *Automatic Mains Failure (AMF) system*

- *Automatic Transfer Switch (ATS) system*
- *Medium Voltage Starting Motor System*
- *Low Voltage Main Distribution Panel (LVMDP)*
- *Low Voltage Sub Distribution Panel (LVSDP)*
- *Programmable Logic Controller (PLC) system*
- *Control and Electrical system for Generator Set*
- *Automatic Synchronizing Generator Set*
- *Medium Voltage Distribution Board (MV 24KV)*
- *Lightning Protection/Penangkal Petir Electrostatic*

- *Electrical system by request.*
